## What is the Retired & Senior Volunteer Program?

For twenty-five years, RSVP has matched community needs with people willing to help. Volunteers receive a pre-service orientation, followed by on-the-job training from the agency or organization where they are placed. While on duty, volunteers also receive supplemental insurance. Individuals age 55 and older utilize their skills and experiences to help their communities. They can serve from a few hours a week to forty hours a week in one or more efforts. Many continue the type of work they enjoyed earlier, while others try something different.

## As a RSVP volunteer, you might...

- Tutor or mentor at-risk children
- Build homes for low income families
- Teach computer skills
- Make hospital visits
- Organize neighborhood watch programs
- Help communities recover from natural disasters
- Teach English to immigrants

In FY2001, more than 12,259 Illinois seniors provided more than 1.7 million hours of service.

Nationally, RSVP volunteers contributed 91 million service hours, valued at 2.1 billion dollars in FY2001.

## Why do RSVP volunteers get involved?

- To learn new skills
- To feel productive
- To network
- To give something back to their community

## RSVP volunteers get things done!

In Coles County, Illinois, RSVP volunteers started a recycling center. They raised the necessary funds, leased the building, bought the equipment and organized the volunteers needed to run the center which generates more than \$2 million annually for the county and local not-for-profit organizations.

The benefits to individuals, families and communities are both immediate and long lasting.

The federal government and State of Illinois have partnered to provide funding for the twenty-three (23) Retired and Senior Volunteer Programs in Illinois through the Corporation for National Service (*formerly known as ACTION*), and the Illinois Department on Aging.

## How can I learn more about RSVP?
